Dear County Clerk,

I have noticed that a record from your court is showing up on my credit report. Despite my attempts to dispute it with the credit bureaus Experian, Equifax, and TransUnion, they have all confirmed that the record was verified by your court. Please provide the procedure by which you verify records with the credit bureaus.

I would greatly appreciate a clear explanation of the procedure or any documents shared with the companies regarding my records. In anticipation of your response. I have included a self-addressed stamped envelope to facilitate your reply to me. Thank you for your attention to this matter.

Best regards,
Lynette Kirkman-Wilson
